## Student Officers For **Coming Year Elected**

### Chu Nan-hua is President-Elect; Meeting Adjourns Before Supervisors Chosen

Chu Nan-hua, junior history student, a native of Wusih, was elected president for next year of the Student Self-Government Association at a meeting yesterday morning in Bashford. Chu T'ao-p'u, freshman from Anhuei, will be vicepresident, and Miss Li Min, sociology junior of Kweichow, secretary.

Fifteen members of the Executive Committee were elected also. The members of the Supervisory Committee should have been chosen, but a recount of the students present revealed that a quorum was lacking, thus precluding any effort to vote on the supervisors.

The meeting was first scheduled for Wednesday morning, but a lack of a necessary quorum made impossible the carrying out of the elections.

### Chance To Visit Ming Tombs

Dr. Clara Nutting is organizing a party to visit the Ming Tombs next Sunday, April 19, and asks that anyone wishing to go will notify her as early as possible this week. The party will go in the Yenching University coal truck leaving the Power House at 8 o'clock next Sunday morning. About twenty can be accommodated. Each person is expected to take his own lunch. Those interested may obtain further information from Dr. Nutting.

## Week's Trip To Northwest Starts on Open House Day

A trip to Northwest China will be undertaken by Yenching students during the coming spring vacation. This group, numbering about fifty, will travel along the Peiping-Suiyuan line for six days, leaving. April 25th and returning May 1st. This year's trip is slightly different from last year's northwest trip because it will not cover Pailingmiao but will include Paotow instead.

The itinerary of these travel enthusiasts will include Chinglungchiao, Kalgan, Tatung and the Yunkang Caves, Suiyuan, and Paotow, the last station of the Peiping-Suiyuan railway line. Stopoffs will be made long enough at the various places for careful perusals by the student tourists.

The approximate costs for the entire trip will be approximately \$22.00. A limited number of students, probably fifty, will be accepted for this spring excursion. Latest reports reveal that more than forty have already signed up at Room 116, McBrier. Yang Wenshu of the 6th Dorm is in charge of the excursion.

### Stuart Goes South To Attend China Foundation Conference

Pres. J. Leighton Stuart, who returned to Yenching last Saturday after a half-year absence, left the campus yesterday for Shanghai, where he will attend the meeting of the trustees of the China Foundation which starts tomorrow. Pres. Stuart expects to return by next Saturday.

### Yenta Beats Peita in 5-U

By whitewashing Peita at their grounds last Wednesday, the Yenta varsity teams made a wonderful start in the opening matches of the 5-U League Games. Results were as follows:

Volleyball Yenta-Peita 3-0 Tennis Yenta-Peita 3-2 Pingpong Yenta-Peita 4-1

## Student Groups Continue Long Stream Thru Campus As Spring Weather Goes On

Continuing a long list of student groups who have visited the Yenching campus during the past few weeks, at least eight more parties passed through this week.

The largest group was that from Shanghai Nanyang University, numbering 133, on Wednesday. On Monday 13 students from Wen Ch'uan Middle School saw Yenching. Two other parties visited here on Wednesday. 25 from Hsuan Hua Middle School, Changchiakow, and 15 from Shanghai Chinan Middle School.

Today, 17 students from the Chengchow Fu Luen Middle School and another group from Peiping 21st Middle School passed through. Other parties have written to the Student Self-Help Department signifying their intention of coming in the next few days.

## A. Rugh on "A Christain University"

An interesting sermon is in the offing for Sunday's Vespers service, starting 6:30 p.m., when Mr. Arthur Rugh will speak on "What Makes a University Christian?"

## Students' Patriotism and Fidelity Praised

Dr. Stuart Proud of Academic Work; "This a Time to be Determined Not Discouraged," He Says

Once again Dr. John Leighton Stuart is back on the Yenching campus, after a five-month business trip to the United States. In the middle of October last year, Dr, Stuart declared in an interview that he was to leave for the States on the 29th chiefly for a consultation with the Board of Trustees in New York regarding the University's future policy. Dr. Stuart came back to China, after the "unexpected" success of raising U.S. \$150,000 for the endowment fund.

Prior to his departure for the States Dr. Stuart said he did not expect to raise money at all, but only hoped to investigate the possibility of doing so, realizing the unfavorable economic conditions there.

Upon arrival in November in New York City, the president had a number of conferences with the Trustees of the University, and found the "Trustees firm in their determination that Yenching University shall continue to carry on where it is," despite continued political troubles in North China. George G. Barber, President of the Trustees, wrote a statement in the Yenching News issued in New York that "the University is the outgrowth of more than sixty-five years of Christian higher education work which has gone constantly forward," and that "always it has enjoyed the friendship, confidence, and respect of the Chinese people."

## The Yenching News

English Section of the Yenching Hsin Wen, (燕京新聞) laboratory publication of the Department of Journalism of Yenching University. Peiping, China.

Published twice weekly on Tuesdays and Fridays.

During his stay in the States, Dr. Stuart had a full program, devoting his time and energy in investigating conditions and in launching the endowment fund campaign, traveling to Boston, Philadelphia, Washington, Rochester, Ottawa, Canada, and other cities. giving personal interviews to such persons as Lord Zimmern of Ottawa. While in Washington, he was one of the speakers about the Cause and Cure of War at the conference, and during his brief stay in Boston, he enjoyed a delightful time with the Harvard University faculty, which stands in close relations with Yenching.

Contrary to the hope of the trustees that Dr. Stuart might remain longer in the States, it was found that he should be back on the campus as soon as the consultation was over. Sailing March 20, he arrived at Shanghai April 6, and was welcomed by the Shanghai Yenching Alumni Association. Apparently believing that Dr. Stuart had not had enough life on the water, he was feted at a luncheon party at the Floating Restaurant along the Bund. There he met Mr. H. J. Timperley, now China correspondent for the Manchester Guardian and for three years honorary lecturer in the Department of Journalism during his sojourn at Peiping. \*

Arriving on Yenching campus, Stuart declared that in spite of the political troubles in North China, and in spite of the economic depression in the United States, his visit to America has produced more encouraging results than he expected. In the University Assembly. Dr. Stuart said:

"After my visit to the States, I become more and more confident of our university's message and

## Benjamin Chen To Sing In Postponed Recital Monday

Benjamin Chen, who postponed his song recital here one month ago, will be heard this Monday afternoon at 4:30 p.m. in Gamble Hall, assisted by Mrs. E.O Wilson and Miss Adeline Veghte.

Chen, a brother of Miss Chen I of the home economics department, studied voice at the Curtis School of Music while pursuing architectural work in Philadelphia. The recital on Monday is an invitational affair. A monthly student recital scheduled for Monday evening has been postponed as a result of Chen's singing

function to the country. There is a sense of hope in the future. The Japanese movement in this part of the country in a way has created a greater sympathy among the American friends in the welfare of China."

Commenting upon the students' movement for the national salvation, he said, "I feel proud of the two things which you students have done. Had you done only one or the other, it would not be useful, but probably harmful. These two things are the blend of patriotism and fidelity to academic work. It needs an excellent training for democracy. China and America are two great democratic countries of today. Neither China nor America can be anything else than democratic. We need real freedom, a voluntary subjection to legitimate authority. I believe that the real government of China should be the power of public opinion, and so long as all of you are absorbingly interested in the great movement, you can sooner or later demonstrate to the world the cohesion and unity of China. It is time to be determined, not discouraged," he continued.

Dr. Stuart emphasized the importance of two qualities, namely the best use of the gotten knowledge and of moral quality. "We need a blend of knowledge and character to develop a sound personality for service to China. Let us feel the real interest together of our university and China," Dr. Stuart concluded.

Liliputian World Series Starts; Rugh Cup To Be Presented To Champions

Showing more promise than accomplishment, the Pirates and Yankees started their miniature baseball World Series Wednesday afternoon, the latter winning after five innings, 4-2.

The Pirates are being coached by A. Douglas Rugh, the Yankees by Arthur Rugh, making the games a family as well as a baseball series.' Like its American counterpart, the series will go to the team winning four out of seven games. The winning team will be presented with a cup and a pennant offered by A. Douglas Rugh.

## Tots Venture into World; Are Guests at House 57

Master George Sailer, eightyear old son of Dr. and Mrs. R.C. Sailer, and Miss Meggie Wilson, six-year old daughter of Dr. and Mrs. S.D. Wilson, ventured to stay away from home overnight recently They were guests of Miss Augusta Wagner, House 57, South Compound.

It was Master Sailer's first overnight visit away from home. Whether it was Miss Meggie Wilson's first experience away from parental eyes has not yet been verified.

## Fellowship Plans Temple Trip

The Yenta Fellowship is planning a trip to Tan Chieh Sze and Chieh Tan Sze during the Spring vacation, starting on the 25th and back on 27th. The expense will be five dollars including food and transportation. Those who want to go can sign up. Faculty members are also welcomed. If weather permits, the vacationists will camp out in the hills.

## Amateur Radio Ass'n Formed

Some science students interested in radio have recently formed a club under the name of the Amateur Radio Association of Yenching. Anyone interested is requested to enroll at the storeroom of the Department of Physics.

## Read Lectures On Nutrition This Afternoon at Mc Brier

A lecture on "New Standards and Research in Nutrition" is being given today at 4:30 p.m. in McBrier Hall 103 by Prof. Bernard E. Read of the Department of Physiology and Pharmacology of Henry Lester Institute of Medical Research in Shanghai. It is under the auspices of the Students' Clubs and Staffs of the College of Natural Sciences.

Prof. Read, for sometime serving in the P.U.M.C., came to Peiping primarily to give lectures in the annual meeting of Peking Society of Natural History, to be held tomorrow at Grand Hotel de Pekin.

## Material On Tewkesbury Flucator, Now Available

Studies of the man who initiated the improvements which led to the establishment of the Yenching Director of Studies office, are now available in the President's Office. Prof. Donald G. Twkeesbury, formerly of Yenching, is now connected with Columbia University, New York.

Two years ago, he was appointed by Pres. Nicholas Murry Butler of Columbia to reorganize a subsidiary of Columbia University known then as St. Stephens College. The name has since been changed to Bard College. Prof. Tewkesbury has made radical changes in the curriculum in an attempt to make Bard for boys essentially the equivalent of Bennington College for girls. This experiment is attracting marked interest in edacational circles throughout the United States, and drawing much favorable comment.

Material for those desiring material concerning Dr. Tewkesbury's conception of college education is available in the President's office.
